arco[®]
Experts in Safety

Arco is the UK's leading supplier of personal protective equipment, workwear and workplace safety products offering a world-class range of over 170,000 products.

As Experts in Safety we are widely recognised as a provider of specialist advice through our branch network and this is further supported by our training and consultancy division. We reach our customers through an extensive product catalogue, interactive website and 40 strong local Sales Office and Trade Counter network. We pride ourselves on providing customers with great availability, performance and price.

Founded in 1884 Arco has a heritage spanning four generations. With traditional family values at the heart of the business we pride ourselves on our core values; respect, hard work, enterprise and excellence in reputation. We fully subscribe to the ETI's Nine Principles Base Code and have fully incorporated the internationally recognised code of labour practice into our own ethical policy. In 2007 Arco was the first distributor in our industry to become a member of the Ethical Trading Initiative (ETI) and in 2010 we became a member of Sedex, the Supplier Ethical Data Exchange. Our supply chain management has recently been re-awarded a 'Big Tick' Award for Excellence our Corporate Social Responsibility programme and continually demonstrate this by supporting local communities and charities donating in excess of 1% of pre tax profits annually

As we are members of the BSIF Registered Safety Suppliers Scheme you can be confident that we will supply safety equipment which is genuine and compliant with the relevant standards and regulations. The BSIF monitor and regulate members of the scheme by conducting regular standards audits.

Tethered tools for working at height.

Simple, flexible solutions for tethering and securing tools for contractors and operators who work at height. Work safely by tethering tools preventing the risk of falling objects striking and injuring a person below or damaging valuable machinery.

Falling Objects

The Health and Safety Executive (H.S.E) Work at Height Regulations (2005) state that:

1. Every employer shall, where necessary to prevent injury to any person, take suitable and sufficient steps to prevent, so far as is reasonably practicable, the fall of any material or object.
2. Every employer shall take suitable and sufficient steps to prevent any person being struck by any falling material or object which is liable to cause personal injury.
3. Every employer shall ensure that no material or object is thrown or tipped from height in circumstances where it is liable to cause injury to any person.
4. Every employer shall ensure that materials and objects are stored in such a way as to prevent risk to any person arising from the collapse, overturning or unintended movement of such materials or objects.

The Tool@rrest range features hand tools, lanyards and tool rigs, organisers and lifting buckets. Hand tools feature an integral tether which when connected to a lanyard enable the tools to be secured to a fixed point or person. The tethers are designed to provide the user freedom and mobility and not to hinder the functionality of the tool when in use. Lanyards are designed and manufactured to be attached to the operator's wrist, belt, bag or any other suitable location.

Product Testing

Each product is reliability tested on UKAS accredited machinery a total of 5,250 times using industry recognised Weibull Analysis systems, providing you with total confidence in the performance of the tools and tethers.

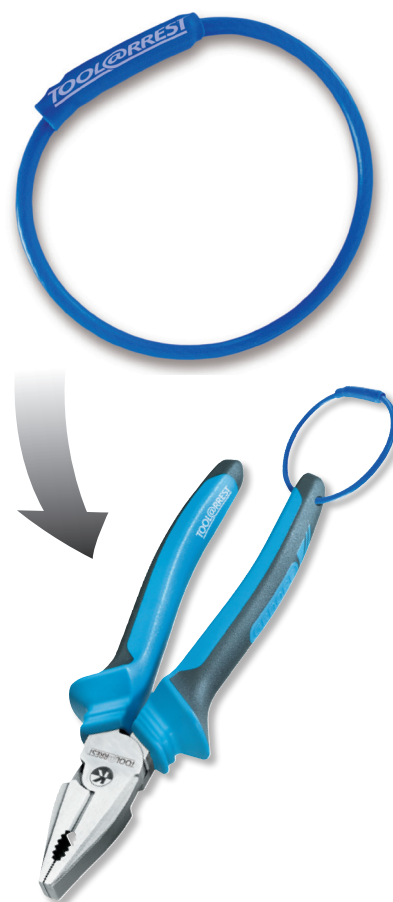

Retrofit Service

We are also able to offer a bespoke retrofit service to attach tethers to existing hand and power tools. Once fitted the tethers are tested for compliance and are warranted and certified by Tool@rrest.

For further information please contact your local Arco sales office or visit your nearest Trade Counter.

Tool @rrest products are suitable for use by any contractor working at height in the construction, manufacturing or utilities industries. They are also widely used by engineers and maintenance contractors to prevent tools from falling into valuable equipment such as engines and production lines. Suitable for use by the following trades;

- Shipbuilding
- Off Shore
- Power Generation
- Linesmen
- Scaffolding
- Electrical
- Maintenance
- Steel Fixing
- Welding
- Bricklaying
- Carpentry
- Engineering
- Roofing

Lanyards

Whatever your working environment, this range has something to meet your needs. From a basic lanyard with elastic at one end and carabiner at the other to double and locking carabiners.

Tool@rrest Retractable Tool Lanyard

Unique Retractable Tool Lanyard.

- 1.2 metres of cable.
- 5kg Certified.
- 360 Degree Rotation.
- Harness / Tool- Belt attachment point.
- Auto Lock – Action Release.
- Swivel carabiner.

Tool@rrest Retractable 1.2m Tool Lanyard

31TA141

Squids Tool Lanyard Single Locking Carabiner

Squids Tool Lanyard with heavy duty self locking carabiner. The carabiner self locks to worker or anchor and the short length prevents the tool from hitting the floor.

- Stretch cord surrounded by tubular nylon webbing.
- Lock stitching at both ends for extra security.
- 28 inch to 35 inch (.71 metre to .89 metre).
- Heavy-duty (500kg) self-locking carabiner with adjustable barrel lock for tool attachment.
- Maximum safe working capacity: 10 lbs. (4.55 kg).
- Colour: lime.

Squids Locking Single Carabiner Hi-Vis Lime

31TA010

Squids Tool Lanyard Double Locking Carabiner

Squids Tool Lanyard with heavy duty self locking carabiner. The carabiner self locks to worker or anchor and the short length prevents the tool from hitting the floor.

- Lock stitching at both ends for extra security.
- 28 inch to 35 inch (.71 metre to .89 metre).
- Heavy-duty (500kg) self-locking carabiner with adjustable barrel lock for tool attachment.
- Maximum safe working capacity: 15 lbs. (6.82 kg).
- Colour: lime.

Squids Locking Double Carabiner Hi-Vis Lime

31TA006

Squids Tool Lanyard Single Carabiner

Squids standard tool lanyards reduce the risk of dropped tools. Compatible with 31TA012 Lanyard Loop.

- Stretch cord surrounded by tubular nylon webbing.
- Lock stitching at both ends for extra security with quick release buckle.
- Standard: 35 in to 42 in (.89 metre to 1.1 metre).
- Extended: 42" to 54" (1.1 metre to 1.4 metre).
- Aluminium carabiner. Adjustable barrel lock for tool attachment.
- 31TA012: Detachable Lanyard Loops.
- Maximum safe working capacity: 5 lbs. (2.27 kg).
- Colour: lime.

These extra strong tie hooks make it easy to organise the tools and materials you use every day. Choose the shorter lengths for small diameter loads, longer lengths and lock hooks for heavier, large loads. Wrap the tie around whatever you've got, slide the locking ratchet on the belt and cinch it up snugly. Swivel hooks make hanging fool-proof.

MAIN FEATURES

- Adjustable sliding lock mechanism.
- 360° Swivel.
- High tensile strength.
- Weather resistant nylon 66.
- Excellent resistance to oil, salts, solvents and alkali.
- Temp range: -40°F - 176°F (-40°C - 80°C).

Tie Hook - Small Hook

The Squids tie hook is for organizing and cinching hoses, cords, pipe and almost anything else.

- Small hook attachment with 360° swivel 1 inch (25 mm).
- Adjustable sliding belt lock mechanism.
- High tensile strength, weather resistant Nylon 66.
- Hi-vis orange colour.
- Excellent resistance to oil, salt, solvents, and alkali.
- Temp range: -40°F to 176°F (-40°C to 80°C).
- Recommended load limit: 22 lbs. (10kg).
- Available in 3 lengths: Short: 11.8 in (30 cm) belt. Medium: 15.8 in (40 cm) belt. Long: 19.7 in (50 cm) belt.

Squids 3510 Tie Hook With Small Hook Hi-Vis Orange Long Belt 50 cm [31TA003](#)

Squids 3510 Tie Hook With Small Hook Hi-Vis Orange Medium Belt 40 cm [31TA002](#)

Squids 3510 Tie Hook With Small Hook Hi-Vis Orange Short Belt 30 cm [31TA001](#)

Tie Hook - Large Hook

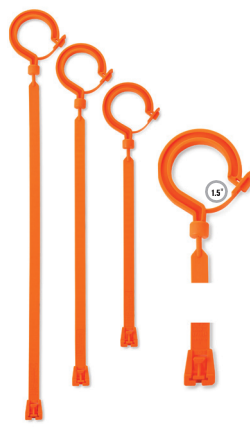

The Squids tie hook is for organizing and cinching hoses, cords, pipe and almost anything else.

- Large hook attachment with 360° swivel 2 inch (50 mm)
- Adjustable sliding belt lock mechanism.
- High tensile strength, weather resistant Nylon 66.
- Hi-vis orange colour.
- Excellent resistance to oil, salt, solvents, and alkali.
- Temp range: -40°F to 176°F (-40°C to 80°C).
- Recommended load limit: 22 lbs. (10kg).
- Available in 3 lengths: Short: 11.8 in (30 cm) belt. Medium: 15.8 in (40 cm) belt. Long: 19.7 in (50 cm) belt.

Squids 3530 Tie Hook With Large Hook Hi-Vis Orange Long Belt 50 cm [31TA016](#)

Squids 3530 Tie Hook With Large Hook Hi-Vis Orange Medium Belt 40 cm [31TA015](#)

Squids 3530 Tie Hook With Large Hook Hi-Vis Orange Short Belt 30 cm [31TA014](#)

Tie Hook - Large Locking Hook

Squids large tie hook with locking mechanism for additional security.

- Large hook attachment with 360° swivel 1.5 inch (38 mm)
- Cable lock for security and increased load capacity.
- Adjustable sliding belt lock mechanism.
- High tensile strength, weather resistant Nylon 66.
- Hi-vis orange colour.
- Excellent resistance to oil, salt, solvents, and alkali.
- Temp range: -40°F to 176°F (-40°C to 80°C).
- Recommended load limit: 22 lbs. (10kg).
- Available in 3 lengths: Short: 11.8 in (30 cm) belt. Medium: 15.8 in (40 cm) belt. Long: 19.7 in (50 cm) belt.

Squids 3540 Tie Hook With Large Locking Hook Hi-Vis Orange Long Belt 50 cm [31TA019](#)
